

DELIVERY AND IMPLEMENTATION

- 14.1** As a Local Planning Authority and as a Mayoral Development Corporation, the Legacy Corporation has a number of powers and tools available to help it achieve the vision and objectives set out in this Local Plan. This Local Plan has set out the policies that it will apply when determining planning and Listed Building Consent applications to achieve the vision and objectives through its development management process.

Determination of applications

- 14.2** As part of the process of determining planning applications, the Legacy Corporation has established methods for ensuring that applications provide appropriate levels of detail for the Legacy Corporation to ensure that development proposals will meet the objectives and the policies set out in this Local Plan. These approaches are set out below. The full documents and more detailed information is available on the Legacy Corporation website.

Validation list of planning applications requirements

- 14.3** The Legacy Corporation has a validation list which sets out what applicants need to submit as part of a planning application, both under national and local requirements. This list is available on the Legacy Corporation website (<http://queenelizabetholympicpark.co.uk/planning-authority/making-an-application>).

Quality Review Panel

- 14.4** The Legacy Corporation is committed to achieving high-quality design in new buildings and outdoor spaces in the area. As part of this, a special independent Quality Review Panel has been created to advise the Planning Decisions Committee in making its decisions. The Panel reviews complex or high-profile applications at pre-application stage, and during the consideration stage before it is reported to planning committee. Panel members are professionals with experience in architecture, landscape architecture, urban design, environmental sustainability, inclusive design, development economics and delivery. Further information about the Quality Review Panel's purpose and the way it works with the Legacy Corporation can be found in its Terms of Reference document available on the Legacy Corporation website.

Enforcement action

- 14.5** Where necessary, the Legacy Corporation will use its powers to take planning enforcement action to ensure that unacceptable development built without planning permission or other consents does not compromise the delivery of the objectives set out in this Local Plan. The Legacy Corporation's Enforcement Plan is available on the website.

Delivering infrastructure

14.6

An Infrastructure Delivery Plan (IDP) has been prepared by the Legacy Corporation in consultation with the Boroughs and other stakeholders. It identifies the infrastructure that will be needed to support the planned growth within the Legacy Corporation area, and identifies the costs and funding gap for this infrastructure. The IDP is reviewed annually and updated as necessary as part of the Authority Monitoring Report. A CIL Infrastructure List has been published alongside the adopted Community Infrastructure Levy Charging Schedule. This sets out which infrastructure the Legacy Corporation intends to fund from its CIL.

Key infrastructure requirements

14.7

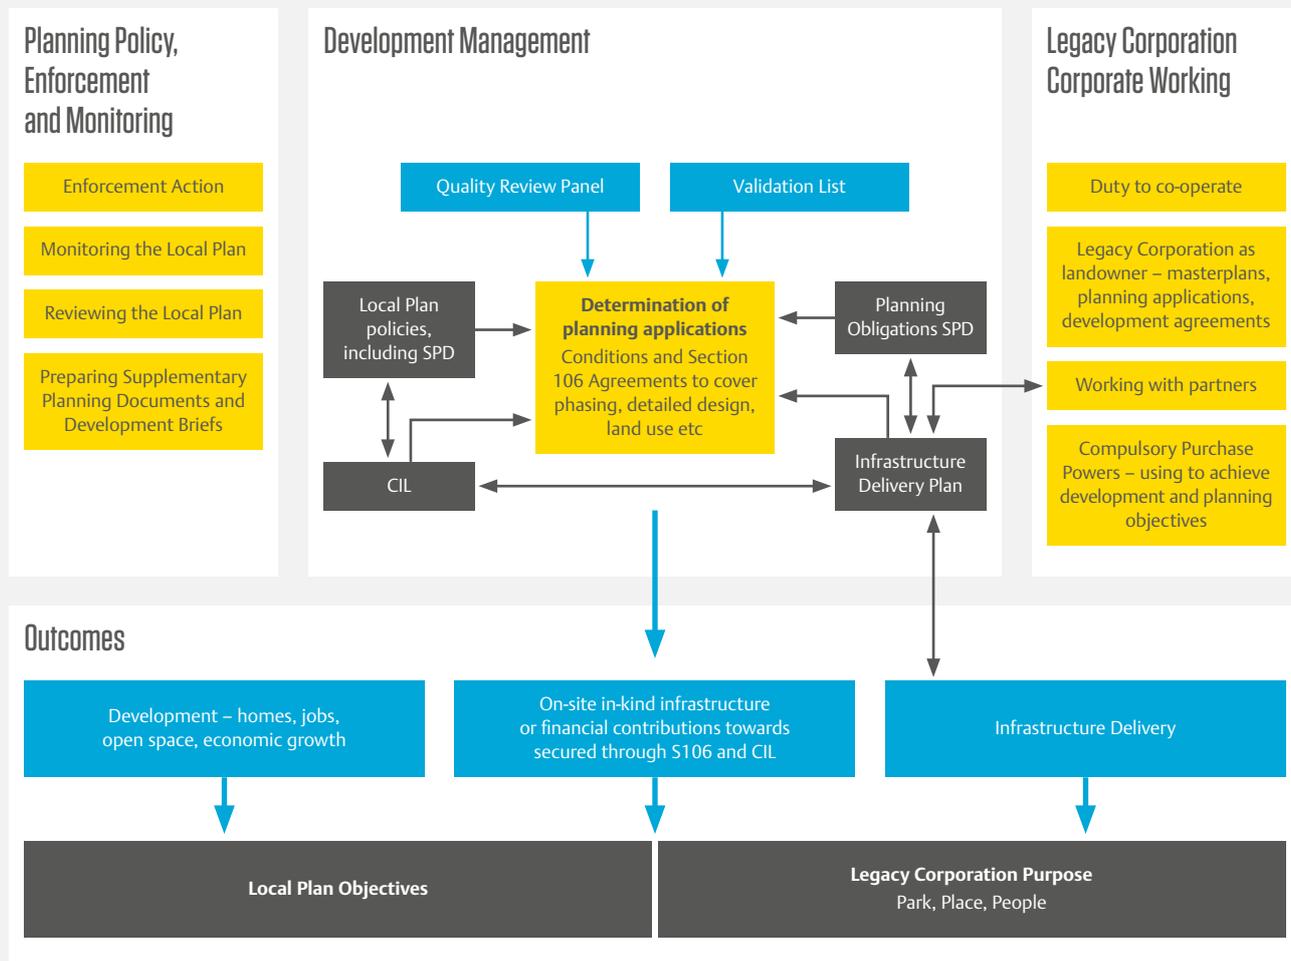

The infrastructure that is necessary to support the development in this Local Plan is identified in the Infrastructure Delivery Plan (IDP). The policies and Site Allocations in this Local Plan, alongside the mechanisms set out in this section, will help to secure the delivery of that infrastructure. The table below identifies how the types of infrastructure assessed in the IDP have been incorporated into the policies and Site Allocations in this Local Plan.

Conditions

Conditions can be used by local planning authorities to make otherwise unacceptable development acceptable. Conditions will be used by the Legacy Corporation to help ensure that planning permissions secure development that is acceptable in terms of the policies within this Local Plan and any other relevant material considerations. Appropriate regard will be had to the requirements of the National Planning Policy Framework that conditions are only imposed where they are necessary, relevant to planning and to the development to be permitted, enforceable, precise and reasonable in all other respects.

CIL and Section 106 Agreements

14.8 CIL and Section 106 Agreements are both important tools that the Legacy Corporation will use to help bring forward the infrastructure necessary to support the development set out in this Local Plan.

14.9 The Legacy Corporation CIL Charging Schedule came into effect on 6th April 2015. The money raised will be used to help deliver the infrastructure on the CIL Infrastructure List (regulation 123 list) and in the Infrastructure Delivery Plan. Further information on the Legacy Corporation CIL is available from the Legacy Corporation website. At their meeting in June 2013 the Board agreed

to establish a 'Project Proposals Group' to allocate future CIL receipts and section 106 funds. Information on the allocations made by the group is available for each preceding year from the Authorities Monitoring Report. CIL regulations provide for a 'neighbourhood portion' of the funding to be spent in consultation with the local community. The Legacy Corporation has established a Neighbourhood CIL Fund and a local mechanism established to allow local projects to bid for funding from this.

- 14.10** Section 106 of the Town and Country Planning Act 1990 allows Local Planning Authorities to enter into a legal agreement with a developer that would make a development proposal acceptable in planning terms that would not otherwise be acceptable. That might, for example, include the amount of affordable housing which would be included in the development scheme, or an item of infrastructure, or financial contribution towards it, such as a new school or the provision of a new highway junction.
- 14.11** A Planning Obligations Supplementary Planning Document has been produced which sets out how Section 106 Planning Obligations will be used in the Legacy Corporation area and how they will be used alongside CIL to secure infrastructure. This will be regularly reviewed and updated when necessary to ensure that it remains relevant.
- 14.12** The approach the Legacy Corporation is proposing to follow takes account of the fact that much of the anticipated development already has planning permission, and much of the infrastructure necessary to support those developments has already been secured by Section 106 Agreement. Please see the Planning Obligations Supplementary Planning Document for more information.

Supplementary Planning Documents

- 14.13** Supplementary Planning Documents will be prepared where it is necessary to provide further guidance to the Local Plan and help deliver its objectives. The following SPDs have been prepared and adopted since the Local Plan was first adopted in 2015:
- Planning Obligations SPD
 - Carbon Off-set SPD
 - Hackney Wick & Fish Island SPD
 - Pudding Mill SPD
 - Bromley-by-Bow SPD.

Phasing of development

- 14.14** The scale of development that this Local Plan envisages coming means that change will not happen all at once. The phased construction of major developments will be controlled where necessary through Section 106 Agreements to ensure that:
- On-site infrastructure is delivered in phases appropriate to the phases of development completed
 - Uses are delivered sequentially in accordance with planning policy. For example, affordable housing elements are ready for occupation in advance of private housing.

Compulsory purchase

- 14.15** The Legacy Corporation has compulsory purchase powers under Section s.207 (2) of the Localism Act 2011, as well as powers to override easements and other rights affecting its land under Section 208 of the Localism Act 2011.

- 14.16** It may be appropriate, in the interests of the proper planning of the Legacy Corporation area, for the Legacy Corporation to acquire properties using these powers, if this would facilitate the regeneration of its area, and this regeneration could not be achieved without using these powers. The Legacy Corporation will follow the Government guidance current at the time in deciding whether use of its powers would be appropriate.

The Legacy Corporation as landowner

- 14.17** As a development corporation, the Legacy Corporation also has interests in and ownership of some land within its area. These assets and interests are being utilised in a way that enables it to meet its regeneration and development aims and to deliver the objectives of this Local Plan.

Working with partners

- 14.18** The vision, policies and proposals within this Local Plan cannot be delivered by the Legacy Corporation in isolation. A wide range of public and private sector stakeholders as well as existing and new communities, and the voluntary and community sector will also help with delivery. There are a number of policy areas within the Local Plan that will require joint working with adjacent Local Planning Authorities. The Legacy Corporation has regular meetings with these authorities, covering policy, development management and infrastructure delivery matters. It also liaises with developers and landowners and other public and private sector stakeholders on a regular basis.

Statement of Community Involvement

- 14.19** The Localism Act 2011 and the National Planning Policy Framework (NPPF) place emphasis on working closely with local communities at the heart of the planning system. Local planning authorities are required to prepare a Statement of Community Involvement (SCI) which sets out how the community will be involved in the preparation of local planning policy documents and in the processing and determination of planning applications. The SCI sets out how the Legacy Corporation intends to involve the local community and other key stakeholders in local planning issues. It describes how consultation can be carried out and when, what methods of consultation can be used and how comments received will be dealt with. It also identifies management, resource and monitoring issues. The SCI is available from the Legacy Corporation's website.

Monitoring and future review of the Local Plan

- 14.20** In order to measure the success of the strategy and policies within this Local Plan and help to identify any potential need for a review of all or part of the Local Plan, the Key Performance Indicators (KPIs) set out in Table 15 will be used. A review of the Plan will be undertaken at least once every five years or earlier where this monitoring shows that key strategic elements of the Plan, such as delivery against housing targets, would not be met to a significant or on-going extent. Monitoring of these indicators will be reported within the Legacy Corporation's annual Authority Monitoring Report. This report will also include annual updates of the activities undertaken in relation to the Duty to Cooperate. In addition to Local Plan monitoring the four boroughs produce regular Convergence progress reports which report on performance against the Convergence themes and indicators.

14.21

It is likely that the Legacy Corporation will cease to be the Local Planning Authority at some point during the Plan period which runs to 2036. Responsibility for monitoring and reviewing the Local Plan would then become the responsibility of each borough within its own boundary. Once each borough Local Plan is subsequently reviewed and updated it is assumed that these subsume the area of the borough currently covered by this Local Plan. Local Planning Authority responsibilities for neighbourhood planning would also be passed to each borough while responsibility for collecting and otherwise administering the Community Infrastructure Levy would also be transferred.
