**INFORMATION REQUEST REFERENCE 15-003**

Dear 

Thank you for your information request, received on 20 January 2015. You asked us to provide the following information under the Environmental Information Regulations 2004 (EIR):

*“We would be grateful if you could tell us whether the Corporation have had any discussions in relation to scheme design or a potential planning application for the land shown as Plots 42, 43 and 45 on the attached plan which is known as 113 and 115 High Street and 10 Sugar House Lane. If there have been discussions we would be grateful if you could provide copies of all correspondence, telephone notes and notes of any meetings with officers in connection with such discussions.”*

The London Legacy Development Corporation (Legacy Corporation) can confirm that we hold information on your request. The information held is in Annex A.

It is the standard practice of the Legacy Corporation to redact personal information unless consent to release has been received. As such, names and other contact details have been redacted, in line with Regulation 13(1) of the Environmental Information Regulations 2004 regarding personal data. This Regulation states that a public authority shall not disclose personal data, to the extent that the requested information includes personal data of which the applicant is not the data subject and as respects which the conditions in either Regulation 13(2) or Regulation 13(3) apply. In this instance, the relevant condition that applies is Regulation 13(2)(a)(i), whereby the information is defined as personal data within Section 1(1)(a) of the Data Protection Act 1998. As we have not received consent of the data subjects, release of the requested information at this time would contravene the first data principle under Schedule 2(1).

Note: the \*.png extension attachments on each of the emails are “RIBA Chartered Practice” images only.

The Legacy Corporation do not record telephone calls and no notes on calls or meetings, other than the attached information, have been identified.
