On 22 December 2015, the Legacy Corporation sent you a clarification request as the period of time specified covers three different phases for the Stadium development: pre-opening stadium transformation to July 2015; stadium events in July-November and post-events transformation. The clarification also asked whether the cost of installation, running or maintenance was required in relation to the questions where cost information was requested. You clarified that you were interested in the July - November and post events transformation periods and in costs for running and maintenance.

The Legacy Corporation does not hold the information you have requested.

The long lease of the Olympic Stadium (Stadium) is owned by E20 Stadium LLP (E20), a joint venture between the Legacy Corporation and Newham Council specifically set up to transform and manage the Stadium. The Stadium is operated on behalf of E20 by London Stadium 185 Ltd, a subsidiary of Vinci Concessions.

During the events at the Stadium in 2015, the information, if it existed for the relevant event, would be held by London Stadium 185 Ltd (LS185), the company that operate the Olympic Stadium or Balfour Beatty, the contractor for the Olympic Stadium transformation. During the post events transformation period of the Stadium, information of this level of detail would be held by Balfour Beatty.

While the Stadium is operated on behalf of E20, neither E20 nor the Legacy Corporation holds information at the level of detail you have requested.

If you are unhappy with our response to your request and wish to make a complaint or request a review of our decision, you should write to:
