INFORMATION REQUEST REFERENCE 16019

Dear 

Thank you for your information request, received on 18 March 2016. You asked the London Legacy Development Corporation (Legacy Corporation) to provide the following information under the Freedom of Information Act 2000 (FOIA):

“could you please confirm the conversion time required to switch the Olympic Stadium between football and athletics mode, including full retraction of the lower tier seating.

For example, can you go from one to the other within 24 hours? 7 days?”

The installation of the retractable seating system is currently being completed ahead of the stadium permanent opening in the summer of 2016 and a full retraction of the lower tier seating from pitch sports to athletics mode has not yet been undertaken. A conversion of the incomplete seating system from athletics to pitch sports mode was completed between the Diamond League athletics and the Rugby World Cup in 2015. For 2016, we are targeting an initial transition time of around 10 days. We are currently out to tender and it is envisaged that the successful contractor will use their expertise to suggest modifications that enhance the efficiency of transitioning the seating.

If you are unhappy with our response to your request and wish to make a complaint or request a review of our decision, you should write to:
