It is the standard practice of the Legacy Corporation to redact personal information unless consent to release has been received. As such, names and other personal data have been

redacted from the annexes in line with regulation 13(1) of the Environmental Information Regulations 2004 regarding personal data.

Reg. 13(1) - Personal data

13(1) To the extent that the information requested includes personal data of which the applicant is not the data subject and as respects which either the first or second condition below is satisfied, a public authority shall not disclose the personal data.

(2) The first condition is—

(a) in a case where the information falls within any of paragraphs (a) to (d) of the definition of “data” in section 1(1) of the Data Protection Act 1998, that the disclosure of the information to a member of the public otherwise than under these Regulations would contravene—

(i) any of the data protection principles;

This Regulation states that a public authority shall not disclose personal data, to the extent that the requested information includes personal data of which the applicant is not the data subject and as respects which the conditions in either Regulation 13(2) or Regulation 13(3) apply. In this instance, the relevant condition that applies is Regulation 13(2)(a)(i), whereby the information is defined as personal data within Section 1(1)(a) of the Data Protection Act 1998. As we have not received consent of the data subjects, release of the requested information at this time would contravene the first data principle under Schedule 2(1).
