INFORMATION REQUEST REFERENCE 16123

Dear 

Thank you for your information request, received on 14 November 2016. You asked the London Legacy Development Corporation (Legacy Corporation) to provide the following information under the Environmental Information Regulations 2004 (EIR):

“This FOI is in relation to the planning decision for the H16 bridge between Fish Island & Sweetwater:

We have been informed that the angle for the H16 Bridge that has outline consent & will cut thru Vittoria Wharf has been re-drawn. This FOI would like to obtain the widest distance they have lost between the original cut and the new planned cut?”

I can confirm that the Legacy Corporation holds information relevant to your request.

The parameters within which the proposed H16 Bridge must sit were approved as part of the Legacy Communities Scheme (LCS) planning permission, issued in September 2012. These parameters have not been varied, and the detailed scheme sits within the limits of deviation set out in the LCS parameter plan.

All plans are available on the [Planning Register](#), however for ease of reference please find attached:

Annex A - LCS parameter Plan: LCS-DWG-APP-BRG-PAR-GLB-000-002 (Approved September 2012)

Annex B - H16 Proposed Plan: SIW-SHROP-80-XX-DG-A-06100 (Submitted October 2016).
