

13 June 2017

INFORMATION REQUEST REFERENCE 17-033

Dear 

Thank you for your information request, received 16 May 2017. You asked the London Legacy Development Corporation (Legacy Corporation) to provide the following information under the Environmental Regulations Act 2004 (EIR):

“As per the Environmental Regulations Act 2004 and in connection with and H14, H16 bridges, could you please send or point me to all detailed environmental information concerning Air Quality and Traffic and pedestrian flows across the whole of the LCS including projected development traffic flows for bridges H14 and H16, used to establish baseline conditions within the Environmental Statement (ES) and Addendum ES accompanying the LCS OPP (September 2012), together with any other environmental information used to determine the applications in 2017.”

I can confirm that the Legacy Corporation holds information relevant to your request.

The effects of the Legacy Communities Scheme (LCS) on air quality, including the impacts of road traffic were predicted and assessed as part of the Environmental Impact Assessment (EIA) that was reported in the Environmental Statement (ES) and Addendum ES which accompanied the LCS Outline Planning Permission (September 2012). These documents are available on the [Planning Register](#). For ease I have provided direct links to the relevant applications below:

- LCS Permission (ref: 11/90621/OUTODA) – documents located [here](#):
 - Environmental Statement - Air Quality is assessed in Chapter 10 of the ES.
 - Transport Assessment (September 2011)
- LCS Accelerated delivery of Planning Delivery Zone (PDZ) 4 and PDZ 5 (ref: 14/00036/VAR) – Environmental Statement Addendum located [here](#)

Further supporting information was also provided in support of the Reserved Matters applications for both Bridges H14 and H16. Again, these are available on the [Planning Register](#). Direct links to these specific documents are also provided below:

- Traffic Note (8th December 2016) – traffic surveys were undertaken in October 2016 to review the current traffic profile in the area against the projected development traffic flows used for the ES (as amended). Document is available [here](#) (file name: 161208_H14_Bridge_Review) via the Public Register.
- Environmental Information Report (March 2017). Document is available [here](#) (file name: Q80116_-_EIR_Report_FINAL) via the Public Register.

If you would prefer to see hard copies of the documents listed above please let us know and we can arrange for these documents to be made available at our offices.

If you are unhappy with our response to your request and wish to make a complaint or request a review of our decision, you should write to:

Deputy Chief Executive
London Legacy Development Corporation
Level 10
1 Stratford Place
Montfichet Road
London
E20 1EJ

Please note: complaints and requests for internal review received more than two months after the initial response will not be handled.

If you are not content with the outcome of the internal review, you may appeal directly to the Information Commissioner at the address given below. You should do this within two months of our final decision. There is no charge for making an appeal.

Further information on the Freedom of Information Act 2000 is available from the Information Commissioner's Office:

Wycliffe House
Water Lane
Wilmslow
