Police advise at SAG that organisers reckon up to 10k may protest, with hearses etc. Police have asked if SP Lawn could be available to assemble the protest once it has arrived at the Park.

Issues to consider include:

Do we want to provide a space for this? **Adviseable to do this as otherwise they wil just do it anyway.**

Do we need to contract it to someone? Would we charge? **The area proposed is under Ls185 control as we handover to them in Zone 3**

Do we get LS185 to do the cleansing? **Yes in my view**

[REDACTED]

See also below Re activity planned on Park that day.

Small working party to be set up by SAG to plan Inc LLDC, WH, LS185, police.

Let's discuss.

OK thanks.

West Ham are expecting a protest march to the stadium (with hearses!) Protesting about the death of the club. Police are in discussions with them. Possibly 10k attending, 1100-1300. Police are asking if SPL or SWF would be available to place the protest.

What time is the run and what's the route?

Subject: Media activity on Saturday

Dear All,

We may get media requests to interview supporters arriving at or departing from the match on Saturday. I understand that the protest issue and the recent article in the Independent about the decision to postpone it have generated some interest.

Given the sensitivities and our primary desire to avoid any kind of disorder or disruption, I am planning to decline any requests we get to film or interview on QEOP land this weekend.

I wanted to make Lyn aware to ensure she is content.

Mark C and Tony – I wanted you to know so you were clear that any media activity that your team spotted was unauthorised

[REDACTED] and [REDACTED] – wanted you to be aware given the wider ingress and egress stewarding and security operation and to make sure you were content that this was consistent with any policy you might have for Stadium Island

Mark R – our usual stance would be to allow this to happen away from the Stadium near F10 and the Aquatics: for this game I would like to decline all requests in any location

Happy to discuss.

Cheers,

Ben

Dear Alan,

[PARAGRAPHS EXTRACTED WHERE THEY ARE NOT RELEVANT TO THE REQUEST]

You will have read about a proposed march by thousands of our supporters against the club/stadium. This centers around two main issues our supporters have with the stadium. Firstly, they firmly believe that the stadium does not have the look and feel of the home of WHU. It saddens me deeply that our supporters feel that we have no regard for their desire to have their history and heritage adequately reflected during the football season at their home ground. You will know how that this principal was a cornerstone of our agreement when we agreed to move here and signed the Concession Agreement in 2013. The reason for this was we knew just how important it was to them and to their overall acceptance of the Stadium as their home.

The second frustration for them is that the seats are too far away from the pitch and are not retractable as per the video you sent to us in 2014, which we shared with them in good faith.

Dealing with the first frustration and with the objective of making the stadium look and feel more like the home of West Ham United to our supporters we are, as you are aware in the process of implementing the signage rights as per the concession agreement to achieve this. We have consulted with LS185 who are happy with the proposals and can confirm as per your request that this signage will carry West Ham branding and NOT feature any commercial partners. We will also work with LS185 to ensure they are satisfied that all branding displayed is sympathetic to removal and it goes without saying that it will be implemented at our own cost.

West Ham United's supporters acceptance of the Stadium as their home ground has real genuine benefits for all of us; their affinity with the Stadium means they enjoy their time here and on the park more and are more likely to want to dwell longer and spend money – benefitting you and LS185, our staff (including LS185's) are happier because our supporters are happier and the overall perception of the Stadium and its overall success is enhanced rather than being the subject of negative media scrutiny. I need not tell you the damage that any kind of march at the Stadium would do and of course it benefits no-one and I feel it is deeply regretful that we have allowed it to come to this when the issues which are causing our supporters concern, when you get to the crux of them are a combination of a host of very small matters that could be so easily resolved to our mutual benefit.

I've applied the first pass for redactions on this response (see attached – anything outlined in red will currently be redacted).

There is a lot of repetition, especially of the emails from the early stages from the club organiser etc but they are each included as the email chain splits later in the communication.

The letters to KB do mention the march and are therefore covered by the request but I think they could be withheld under s.43(2) commercial interests.

Unfortunately the SAG minutes also mention the march and are also therefore covered.

Re Ben's comment on 20180304 14:00 email chain – I discussed this with Ben and we will withhold his comments under s43.

Next steps:

1. Please review and identify what additional information needs to be redacted & why, in addition to the current information redlined.

Especially consider the SSAG minutes for February (but bear in mind that many have already been released and March has been requested under a separate FOI – 18-024).

2. I will notify my FOI contact at Newham and send her the marked up correspondence and ask her to give me LBN feedback on any information they want redacted (or are happy to release – e.g. LBN names).

Please let me have a response by Tuesday 10 March if at all possible.

Many thanks

Hi [REDACTED]

I have gone through the emails – and there are some which should either be removed or redacted.

Page 26 the email here I do not believe to be relevant and it also contains commercially sensitive information (the park programming and coordination group) about future events

Page 27 CCTV not relevant under security

Page 30/31 not relevant to protest/march

Page 36 attachment – contents of the letter probably need to be reviewed as most is not relevant to protest, Alan Skewis as the owner of the letter probably needs to review.

Page 50/51 not relevant to protest/march

Page 52 not relevant Mark should probably review as this contains confidential information.

There are a few emails which contain minutes from EMT and I am not sure if they are all relevant or should be released at this stage.

The majority of emails from myself that are directly related to the protest are generally contain duplicates.

Kind regards

Tony

I have identified possible relevant correspondence in relation to this request from searches run on Mark Camley and Tony Tolley's email accounts (see request below).

Please can you review the attached emails and let me know:

1. Is the email relevant to the request? (Please review attachments as well where appropriate)
2. If the email contains information that you do not want released, please highlight the specific information and also say why it should not be released (commercial interests / Security, etc)

Please note that the names of any individuals at Head of Service level (LLDC/E20) and above will be released, however the full email will be redacted and any phone details.

If you believe that there is additional relevant correspondence that is currently not included, please let me know the details.

I'll circulate the emails to all those named (internally) once this initial review is complete. External parties will also be notified.

Please let me have your comments by cob 3 April 2018.

Request - I am aware that there was a march planned by supporters of West Ham United FC in the borough of Newham and going on to the Olympic Park area on 10 March and this has now been cancelled. I request copies of all emails and meeting minutes that you hold that refers to this march in any way since 1 March 2018. For the avoidance of doubt, this should include internal and external emails.

Many thanks
