A23-A24 Lead contact for a group of economic operators N/A

A25 - Name of group of economic operators N/A

A26 - Proposed legal structure of the group of economic operators N/A

A27 Sub-contractors

Yes.

At this stage we do not consider that any individual packages of work let to our supply chain will exceed 10% of the contract value or scope, the majority will be significantly below this. Any significant appointment(s) will be discussed with and subject to LLDC approval in accordance with our transparent procurement strategy in order to deliver best value.

We are able to offer some disciplines in-house through sister companies, VolkerGround Engineering, VolkerLaser and VolkerHighways, subject to resource availability at the time of contract award / commencement. Details provided below as requested.

In addition using our approved and vetted supply chain we actively encourage local SMEs, subcontractors and suppliers to tender for work packages. We provide support to these groups to assist them achieving inclusion on our approved supply chain database.

It is our intention if successful, with LLDC approval, to advertise opportunities and host regular 'meet the buyer' engagement events through our Constructionline and Competefor membership, to make work package opportunities visible to the supply chain, SMEs and BAMEs and support them in meeting the standards required to work in the civil engineering and construction environment.

- Full name: VolkerHighways Limited
- Registered address: Hertford Road, Hoddesdon, Hertfordshire, EN11 9BX
