Hi Sarah,

Hope you are well.

Further to our telephone conversation a few minutes ago. Please find attached the latest drawings issued to you for approval as part of the planning application listed above.

Please can you ask your admin team to upload it on to the website, as the one uploaded is not the most recent one issued. Please can you also confirm that the information is in line with what was approved. The difference on the drawings attached in comparison to what you have uploaded is that it has the colour of the glazing frames and some glass panels labeled on the drawings. They are both to be black in colour.

Please can you confirm this is all ok once you have checked it against your file.

Lastly please can you also confirm that painting a wall on the Wick lane facade (north side) a different colour to existing, does not require planning permission.

Many Thanks

Tughela
