Hi [REDACTED],

Thank you for taking the time to meet with me today, it was great to find out more about the community/education work that MSG are delivered.

As promised here is an E-introduction to my colleague [REDACTED] who leads on all of the education and youth work. There would be lots of value in you both having a conversation particularly around the education programmes that you deliver.

Thanks again for today.

Best wishes,

Dear All

Further to my email with the draft minutes of the Stratford Overview Board meeting on 30 October – Re: Action 3 – I have only received names from LLDC and LBN – please send names to before cop Monday as this meeting needs to happen before the next Stratford Overview Board on 19 December.

### Action 3

#### Stratford Regional Station feasibility studies – [REDACTED].

Attached is the presentation that [REDACTED] delivered at the meeting. Three projects were focussed on: i) New northern ticket hall events entrance from Montfichet Road; ii) New Jupp Road Southwestern entrance and iii) relocation of western subway lift relocation.

It was agreed that implementation of the lift relocation would help relieve an existing day to day congestion issue and should be progressed by TfL. **Action: Subgroup meeting to take place before next Stratford Overview Board Meeting in December to discuss the options for a Southwestern entrance: attendees are LLDC/TfL/NR/LBN – please provide [REDACTED] with names of attendees for this meeting by 12 November.**

Thank you

Regards

Good morning Sir Peter

I hope you are well. Andy Lustgarten has asked me to touch base, following your recent exchange with him. I know he is looking forward to seeing you in September.

We are, as you might imagine, heavily into the planning process with LLDC, but I wondered if you, and Lyn of course, might like a more informal update from me on exactly where we are, not only with the scheme, but also with the other third party stakeholders and our internal thinking ?

Delighted to do so if you would find it useful, just let me know. I am away next week for a brief vacation, and then generally around for much of July, and I would of course endeavor to fit with your diaries.

Kind regards

Jayne

Good Morning All,

As has been discussed previously, the kick off meeting for the logistics forum is this Friday and as yet only a small percentage have accepted the invite.

We all agreed this is an important forum to hold in view of the bunching of projects in and around the area and needs your buy in.

Can I ask that you either accept or decline the invite or forward onto the relevant party to come along.

So far I have confirmed representatives from;

- LBN
- LBH
- LBTH
- Engie FM
- Balfour Beatty SIW
- LLDC
- UCL
- MSG
- JLL

Understanding this is coming up to close down period and people may be busy - If there are not enough developments that accept by close of play today (only three above are developments), I will look cancel and rearrange for the new year post Christmas.

Thanks all

Regards

Dear [REDACTED],

We are pleased to share the MSG Sphere Community Newsletter, which is available to view by clicking the image below. This newsletter has been produced to share the latest information on the project, the feedback we have received, and how we are responding to questions raised.

The MSG Sphere planning application has been validated by the London Legacy Development Corporation (LLDC) and is available to view and receive your feedback on the LLDC website: <https://www.queenelizabetholympicpark.co.uk/planning-authority/madison-square-gardens-planning-application>

## Welcome!

Welcome to the first Community Newsletter about our plans for MSG Sphere – a state-of-the-art music and entertainment venue – that would not only bring the world's biggest acts to Stratford, but would also create significant benefits for the local community.

We are excited to announce that The Madison Square Garden Company (MSG) has submitted a planning application for MSG Sphere, now validated by the London Legacy Development Corporation (LLDC), and available to view on the authority's planning portal ([planningregister.londonlegacy.co.uk/](http://planningregister.londonlegacy.co.uk/)) via the reference number **19/00097/FUL**.

The LLDC will now conduct a consultation in line with its normal process. Following validation of the planning application, we hosted a pop-up event at Westfield Stratford City shopping centre from Wednesday 27 March to Saturday 30 March to share the latest information about the project and answer questions from members of the community.

### Engagement to date

To date, we've engaged with more than 3,000 people through our two in-person consultations and our dedicated website to better understand priorities and questions. We have also met separately with many more local community groups and residents over the past year to discuss our evolving plans.

In this first edition of our Community Newsletter we want to share the latest information on the project, the feedback we have received, and how we are responding to questions raised.

### Of those who responded to our plans:

86% said they supported a new music and entertainment venue coming to Stratford;

93% supported the creation of new jobs and opportunities for local people;

91% supported the creation of new pedestrian bridges and walkways for public use; and

87% welcomed new cafes and restaurants.

### Truly making a difference

Over the past 12 months we have been working with the Newham community on a number of initiatives (you can see the highlights on page 4) and we are committed to doing more as part of our ongoing plans. We want to invest in the area and continue to work with local organisations to develop a long-term Community Investment Programme, with the goal of making a genuine difference. We would love to hear from you about how we can best do this.

MSG SPHERE  
LONDON

Best wishes,

Dear [REDACTED],

I am writing to let you know that The Madison Square Garden Company (MSG) has submitted a planning application – now validated by the London Legacy Development Corporation (LLDC) – to bring a state-of-the-art venue, MSG Sphere, to Stratford. The planning application is available to view on the LLDC planning portal [here](#), and the LLDC will now conduct a consultation in line with their normal process.

With our plans for MSG Sphere, MSG wants to transform an abandoned site – specifically allocated for a large-scale town centre use – into a world-class destination that will benefit the UK, London, and the community in Newham. The MSG Sphere site, located in the heart of Stratford, East London, has been left empty for more than six years, since last being used as a temporary coach park during the 2012 Olympic and Paralympic Games.

If approved, MSG Sphere would support thousands of jobs and contribute hundreds of millions of pounds of investment to the economy. Analysis from leading economic consultancies – Volterra and Ernst & Young (EY) – show that MSG Sphere would support up to 3,200 jobs each year across the UK once it's open – up to 1,200 of these would be ongoing jobs directly employed on the site by MSG, and up to 2,000 would be supported in businesses and services across the UK that benefit from the venue's operation. In addition, up to 4,300 jobs are expected to be supported each year during the 3-year construction period – up to 1,000 of those would be directly on site, and up to a further 3,300 in the supply chain and other related businesses. Our plans also make job training and local hiring a priority, with specific goals to promote opportunities for Newham residents. The target we have committed to as part of our plan is that 35% of all construction jobs and 35% of all operational jobs would be filled by Newham residents.

We are excited about the prospect of making Stratford home to MSG Sphere. Importantly, MSG is not using any public funding for this project, which will bring another iconic, landmark building to East London. MSG Sphere will not only further elevate Stratford as a global destination for arts, culture and entertainment, but also serve as a long-term investment in the future of Stratford, London, and the UK. EY estimates that once MSG Sphere opens, it will generate £2.7bn in positive economic impact (GVA) over a 20-year period – £2.5bn of that in London. This includes more than £50m in revenue every year for local businesses in Newham.

MSG takes great pride in significantly contributing to our communities, and we want to become a key long-term partner in Newham and East London by creating a destination that will deliver important benefits for the local community. During the planning pre-application process for MSG Sphere, MSG completed two rounds of community consultation, during which we engaged with over 3,000 local people through our two public exhibitions and our dedicated website, to share information on our plans and also respond to questions. As the venue moves forward, we are committed to the project continuing to be one that is informed by the local community, and look forward to continuing to work with the community and local organisations to develop a long-

term Community Involvement Plan.

Please visit our website, [London.msg.com](http://London.msg.com), if you'd like to learn more about our plans for MSG Sphere. We also invite you to visit us at Westfield Stratford City shopping centre from Wednesday 27 to Saturday 30 March, where we are hosting a pop-up stand on the Ground Floor, outside Ernest Jones and the Perfume Shop. Or please don't hesitate to get in touch with us by email or our free phone line – [consultation@msg.com](mailto:consultation@msg.com) or 0800 307 7994 – should you have any questions.

Best wishes,

Hi [REDACTED],

Thanks for the email and message earlier – and for checking if we still need to borrow any of your boards.

I've decided that we'll get some images printed so we will no longer need to use your boards. Thanks again for the offer. This hopefully makes it easier for you.

In terms of what we're doing consultation wise, we've issued letters, site notices and are put an advert in the local Newham magazine (as well as the local papers). We are hosting a consultation event over in Maryland on the June 5<sup>th</sup> in the afternoon/evening – primarily aimed at residents. We are also doing one with local businesses on June 4<sup>th</sup> over at Stratford Original.

If you plan on doing any more events, please do let know as I've had the odd enquiry. I'm sure you will anyway, but just letting you know.

Best wishes,

Sorry to keep banging this drum, but I'm getting noises from colleagues who are finding it difficult to comment as they can't print copies. Some are finding it difficult to change a habit of a lifetime.

Would it be possible to release a soft copy of the transport note prepared by momentum that has the 'commercially sensitive' parts redacted. The idea being that the sensitive bits would be accessed on the data room. You would be applying the filter. For the transport note I suspect the sensitive parts are likely to be very limited.

It's a compromise position. Your thoughts on this would be much appreciated.

Hi ■

Apologies there has been an East Bank Board meeting this afternoon and they have cancelled the September board meeting! It will be rescheduled sometime in October. However once you have plans for Mr Lustgarten's visit in September perhaps we can liaise and fix a time for Lyn and Sir Peter to meet with Mr Lustgarten.

Hi [REDACTED]

Thank you, unfortunately the board is a fixed date. There is another one during the year and if Mr Lustgarten cannot make it perhaps he could meet up with Peter and Lyn and then attend the next board later in the year?

Dear Mr Lustgarten

Hope you are well. Lyn Garner has asked me to send you a copy of the East Bank brochure that we used earlier this month at the Mayor's launch of East Bank.

Also, Lyn mentioned that you were planning on being in London in September. Do you have any dates yet as there is an East Bank Board on 11th September and Lyn thought it might a good idea for you to meet the partners and for you to present to that board about your plans for the MSG Sphere in Stratford etc.

Hi Rosanna

I am conscious we haven't found a time to get together to discuss this (entirely my fault, always away) but happy news – for me anyway – is that I am in the UK the whole of July. If you could let me have a couple of times/days that would work for you I promise to fit in with your diary ?

Kind regards

Hi [REDACTED] –

Just circling back on our conversation from yesterday. Do you have any dates you can offer for either a call or a meeting in person.

Andy is now traveling the 2<sup>nd</sup> week in July so now he would be able to go to London beginning the 3<sup>rd</sup> week in July if we don't do as a call.

Thank you.

Apologies for the delay. We are currently working through our budget season and our upcoming Board of Directors meeting so it would be difficult for Andy to meeting by the end of June.

Can we look at dates beginning the second week of July?

How about 11-12, meet reception of 1 Stratford Place? Apart from Prestwick Airport – don't believe the King made it to UK – but the Queen did jump out a plane with a parachute along with James Bond and land in the Olympic Stadium.

Suggested wordings discussed:

We have the opportunity to distribute some complimentary tickets to schools in our area who have Basketball teams.

The tickets are to see the New York Knicks play the Washington Wizards at the O2 on 17 January 2019.

We also may be able to organise a visit by some of the Coaches and Players to your school.

Hurry up and let us know if your school would be interested.

[REDACTED] - Hope above suits your approach.

Hi ████████

Many thanks for your follow up email and great to be in touch. I'm sorry I missed you last week.

I'd be delighted to meet up and learn more about your programme and plans.

I'm copying in ████████ from my team who leads on our sport and community outreach as it would be great for her to join us next week too.

██████ - are you able to check diaries please to see if we could do Thursday afternoon as per below? Also if you're able to check in with ████████ on the question of which Newham schools are most interested in basketball (for potential O2 tickets) that would be great. There could be a good link up here with London Lions here too.

Hope we can get something in for next Thurs and look forward to meeting you then ████████.  
Thanks in advance for your help ████████!

Best wishes

Emma

Emma - I was sorry not to have met you last week when we were at the LLDC meeting with Paul Brickell. I would like to arrange to meet up so that we can chat over our community engagement plans. One of which is to host some school children to the Basketball Game at the O2 in January.

I am in Stratford next week Monday 22nd free pm and Thursday 25th , free 11-120 and after 2.30?

In the meantime I am trying to find out which schools in the Newham area have Basketball teams and wonder if you would have this information to hand? We have to book some tickets this week which we would then pass on to some of the schools and need some ideas on numbers.

I look forward to hearing from you.

Kind Regards

Great to see you earlier this week – thanks so much for coming along, it was much appreciated.

We mentioned it might be an idea to meet up, and was wondering who we can contact with regards to your diary ? I am around next week, but then in NY for following week – it is always a slightly weird diary for me, but I will try hardest to fit in with you – just let me know what works best for you.

Hi [REDACTED]

Jayne believes (although it's not 100% confirmed) that she needs to be in the US from the 16<sup>th</sup>.

Could we look at the following week. Looking at her diary, she is already seeing Lyn on the 23<sup>rd</sup>?  
The rest of the week is also looking pretty flexible at the moment.

Best

## London E20 3HB

### In case you missed this:

Madison Square Garden Company has announced plans to build the [MSG Sphere](#), a ground-breaking music and entertainment venue, in Stratford, London.

This will be our first major investment outside of the United States and we can't imagine a better destination, with a more exciting music scene or vibrant cultural landscape, than London.

Our analysis demonstrates that a new venue will deliver tremendous benefits for London. This includes driving growth in London's overall live music and entertainment market, while boosting the UK economy and creating thousands of new jobs.

We are inviting a select group to the Copper Box Arena on Tuesday, 20<sup>th</sup> March at 17:00, for an exclusive preview of our plans and to showcase some extraordinary technology, and we would be delighted if you were able to join us.

Please find attached your invitation.

With best wishes,

Dear Jane

We spoke a number of weeks ago regarding land adjacent to your site for Madison Square Gardens.

We have recently had the confirmation back from TfL Legal that the titles to the properties in question will now vest in DCMS. This is covered in the Olympic Delivery Authority (Dissolution) Order 2014, Paragraph 3 which states that all property vested in the ODA becomes the property of the Secretary of State for Culture, Media and Sport dated 2<sup>nd</sup> December 2014.

If you need any further assistance please let us know.

Jayne,

I spoke briefly with Mike Brown yesterday and alerted him to your 'ask'.

It is fair to say that although he appeared to have an open mind, he reflected a strong view that considerable contributions towards transport infrastructure are required.

He has asked [REDACTED] to meet with you to take the conversation forward.

Thanks.

Hi Lyn and Peter

Hope you are both well ?

I wonder if you managed to have a conversation with Mike at all ? This is becoming quite a big issue from my colleagues. I simply don't understand why he won't even take a call – unless he has already briefed [REDACTED].

Perhaps we can discuss at a time to suit you ?

Kind regards

It would be great to meet for a coffee or I can just come to the public consultation in Westfield?

I'm filming Tuesday and Wednesday, but Monday morning is free or Thursday at 11.30.

Let me know what works for you.

Newham - 6 sessions

Hackney - 1 session

Waltham Forest - 1 session

Tower Hamlets - 1 session

If you have any suggestions then please do let us know as we may need additional schools if the take up is not reached through the ones we have contacted.

I am arranging a meeting with [REDACTED] for next week and if you should wish to meet with me please do let me know as I am at the Public Consultation in the Westfield Centre all week.

Hi Jayne

Nice to see you again this morning.

Further to our conversation, Peter is going to be in San Francisco, LA and New York flying out next weekend.

I have spoken to his Network Rail PA and she has said that Peter's EA is currently drafting his timetable but potentially Peter could meet Andy 31<sup>st</sup> October for a drink at around 6pm or alternatively for breakfast on 1 November.

Please let me know if any of these dates work for Andy.

Regards

Hi [REDACTED]

I hope you are well ?

We are in the process of submitting the planning fee to you for our application (which will be with you tomorrow). As it is a large sum, and we have no formal 'invoice', our Treasury team in the US would like a verbal confirmation from LLDC, I have given them your name and contact details, so you should expect a call from them.

If there is someone else you would like me to direct them to, please let me know.

Kind regards  
Jayne

Dear Jayne,

With Lyn's arrival we have revamped this grouped, which had been struggling to get traction, and it was felt that MSG should be a member. It is intended to be a strategic group with senior representation. I have attached a copy of the draft minutes of the inaugural meeting and hoped that you would nominate a MSG rep that we can invite to the July meeting. I look forward to hearing from you.

Hi [REDACTED]

Following on from earlier discussion - does 29th work for you as verification day ? It would work really well for any press announcement as I would be in the UK ?

Whatever works best for you guys is obviously ok though.

Kind regards  
Jayne

**Copper Box Arena,  
Queen Elizabeth Olympic Park,  
London E20 3HB**

You may have already heard that The Madison Square Garden Company has announced plans to build the [MSG Sphere](#), a ground-breaking music and entertainment venue, in Stratford, London.

This will be our first major investment outside of the United States and we can't imagine a better destination, with a more exciting music scene or vibrant cultural landscape, than London.

Our analysis demonstrates that a new venue will deliver tremendous benefits for London. This includes driving growth in London's overall live music and entertainment market, while boosting the UK economy and creating thousands of new jobs.

We are inviting a select group to the Copper Box Arena on Tuesday, 20<sup>th</sup> March at 17:00, for an exclusive preview of our plans and to showcase some extraordinary technology, and we would be delighted if you were able to join us.

We'll be posting a formal invitation to you shortly, and attach a 'Save the Date' invitation in the meantime.

We very much hope to see you there.

With best wishes,

The Madison Square Garden Company

Hi Lyn

Sir Peter Hendy met with Andy today, it seems to have all gone well, and they covered similar ground to our meeting earlier this month.

I thought I would drop you a quick line re the question from Andy about tube maps to show the MSG Sphere against the relevant stations (Stratford and Maryland). Peter felt this should be made to Mike Brown. Happy to do this of course, but in the past year I have, tried and been unable to arrange a meeting with Mike, and the one time I managed it he cancelled. I wonder if it would be possible to ask that you and/or Peter could perhaps intervene and discuss this with him in the first instance ?

Happy to discuss of course.

Kind regards  
Jayne
