INFORMATION REQUEST REFERENCE 19-053

Dear [REDACTED]

Thank you for your information request, received on 30 September 2019. You asked the London Legacy Development Corporation (Legacy Corporation) to provide the following information under the Freedom of Information Act 2000 (FOIA) / Environmental Information Regulations 2004 (EIR):

"Please can you send me all emails that were sent between Boris Johnson, whilst in his role as head of the LLDC. I would like to see all correspondence between him and LLDC members in relation to the re zoning of Bow Goods Yard to strategic industrial.

I would also like to see all emails between him and Network Rail, him and Peter Hendy and DB Cargo. This will be from 2010 until circa 2013."

Our response follows your order:

Please can you send me all emails that were sent between Boris Johnson, whilst in his role as head of the LLDC. I would like to see all correspondence between him and LLDC members in relation to the re zoning of Bow Goods Yard to strategic industrial.

The Legacy Corporation does not hold information relevant to this request.

Boris Johnson was the Chair of the Legacy Corporation from 12 September 2012 to 5 May 2015. During his time as Chair he did not have a Legacy Corporation email address.

Please note that Bow East Goods Yard was designated as Strategic Industrial Land in the London Plan (2011) and prior to that as a Principal Employment Area in the adopted Newham Unitary Development Plan (2001). The Corporation's Local Plan (2015) has included that strategic designation for the Bow east and West site.

I would also like to see all emails between him and Network Rail, him and Peter Hendy and DB Cargo. This will be from 2010 until circa 2013.

The Legacy Corporation does not hold information relevant to this request.

As referenced above, during his time as Chair Boris Johnson did not have a Legacy Corporation email address.

If you are unhappy with our response to your request and wish to make a complaint or request an internal review of our decision, you should write to:
