INFORMATION REQUEST REFERENCE 19-067

Dear [REDACTED]

Thank you for your information request, received on 1 November 2019. You asked the London Legacy Development Corporation (Legacy Corporation) to provide the following information under the Environmental Information Regulations 2004 (EIR):

“In the circumstances, given that this is an ongoing matter, please ensure that the response we receive includes all documents in the categories requested in our letter of 30 September 2019, up to the anticipated compliance date of 26th November or such earlier date as replies are despatched. To the extent necessary please treat this email as a request for further disclosure to cover the period that has elapsed since our letter of 30th September 2019.

As this request followed on from EIR 19-054, this request was clarified as “All communications passing between LLDC and Constable Homes Ltd / Anderson Group regarding the provision of a) access arrangement and lift access at the site and b) the provision of a designated children’s play area since 1 October 2019.”

I can confirm that the Legacy Corporation holds information relevant to your request. Please find the relevant correspondence attached in **Annex A**.

Please be advised that information has been redacted under regulation 13 – personal data.

Regulation 13 – personal data

(1) To the extent that the information requested includes personal data of which the applicant is not the data subject, a public authority must not disclose the personal data if—

(a) the first condition is satisfied, or

(b) the second or third condition is satisfied and, in all the circumstances of the case, the public interest in not disclosing the information outweighs the public interest in disclosing it.

(2A) The first condition is that the disclosure of the information to a member of the public otherwise than under these Regulations—

(a) would contravene any of the data protection principles

It is the standard practice of the Legacy Corporation to redact personal information for those members of staff under Head of Service level, and for non-Legacy Corporation personnel unless consent to release the information has been received and the information is not already in the public domain. Phone numbers have also been redacted.

In this instance, the relevant condition that applies is Regulation 13(1)(a), whereby the information is defined as personal data within Section 3(2) of the Data Protection Act 2018.

Please note: where there is an attachment, these have been inserted into the document bundle, however, attachments outside of the request date have not been included. Any attachments with the file extension *.png have not been included as these are QEOP logos, etc. which are automatically attached to the email.

Please note, some of the earlier sections of the email chains have already been provided under LLDC EIR 19-040, and LLDC EIR 19-054, however, the email has been included within this response to ensure that the context of the correspondence is retained.
