

Mobile Garden Clarnico Quay Scope of Works

Overview

The Mobile Garden is a temporary garden and growing space for local residents, schools and businesses on development land within the future neighbourhoods of Queen Elizabeth Olympic Park.

The Garden is comprised of a range of structures, including raised beds, shipping containers, sheds, polytunnel.

The Garden items are currently located in storage at Park HQ. The garden is due to be relocated to the lower level of Clarnico Quay as part of the Make Shift interim use. The following outlines the activities required to support the garden move from Park HQ to Clarnico Quay in summer 2020.

Activities

Surface and fencing

- The surfacing- the vegetation is to be cut back and a matting suitable for grass is to be laid to create a flat even surface. The matting surface is to be laid where the beds are positioned.
- Fencing: install supporting posts, appropriate footings, collect and transport existing fencing from Park HQ. Install and fix fencing securely as shown on the drawings.
- Gates: collect and transport gates from Park HQ. Install gates as at locations shown on the drawings. 1x 5m double leaf gate and 1x 2m double leaf gate.

Planters and benches

Collect and transport from Park HQ to Clarnico Quay and position as per drawing.

All planters contain saturated soil- suitable transport vehicle required to cater for weight loading.

The items can be lifted by a fork lift and then onto a flatbed lorry for mass transportation.

- Low raised planters: 69 low-raised planters can be stacked if secured appropriately. Dimensions 90x90x30cm
- Mid- height raised planters: 42 mid raised planters can be stacked. 70 mid-raised planters (these are the items that can't be stacked due to the height of the bushes and include the perennial herb beds, fruit bushes and some market garden beds). Dimensions 100x120x60cm
- High raised planters: 15 high-raised planters (orchard fruit trees)
- Rectangular planters: 4 rectangular planters. 2 can be staked. Dimensions 200x100x70cm
- Benches: coloured rectangular benches. Dimensions 202x42x45cm
- Picnic benches: Dimensions 202x42x45cm
- Picnic tables: Dimensions 202x101x75cm

Containers

Collect and transport from Park HQ to Clarnico Quay and position as per drawing.

- Welfare Cabin: Dimensions 945x300x260cm
- Tool Store: Dimensions 605x245x260cm
- Staff shed: Dimensions 630x455x300cm

Collect and transport from multi-storey car park to Clarnico Quay and position as per drawing

- Bike workshop: Dimensions 1219x348x260cm. When moved previously this required a hi-ab lorry
